

Knights of Columbus Council 10208

Brother Knights:

Developing this history of officers and directors is a work in progress. Much time has been spent looking through the records of financial secretaries to glean the names from them and to enter the information into an Excel file. As you peruse the information, you will note that information is missing for some of the fraternal years.

If you were an officer or director during one of those years and remember the names of the brother knights who served with you, or if you have other sources of information that would help complete the entries, I would appreciate hearing from you. You may contact me by phone (501-915-0339) or email (jbodie65@gmail.com). Thanks in advance for your assistance.
